dt. 21.06.2019

QUOTATION NOTICE

Sir,

Sub: Agriculture – Horticulture – AO (BG) – Maintenance of state lawn
– Entering into Annual Maintenance Contract – Quotation
called for – Reg.

&&&

Sealed quotations are invited for entering into Annual Maintenance Contract for maintenance of State Lawn as per the terms and conditions given below:

The following care & maintenance operations shall be undertaken regularly in the State Lawn, Botanical Garden with total extent of 40,920 sq. ft., the details of which is enclosed herewith.

1. Weeding

Manual weeding by using long and pointed khrupi to remove the monocots & dicots weeds once in thirty days.

2. Rolling

Light roller should be used after every weeding to keep the lawn perfectly levelled. River sand, red soil and farm yard manure should be stacked and applied to the lawn as and when required.

3. Mowing

Mowing by using mechanized lawnmower and fertilizing the lawn once in every fifteen days and grass should not be allowed to grow more than 5-6 cm in length for maintaining uniform grass growth.

4. Irrigation

Watering the lawn during summer at 2-4 days interval during winter months by sprinkler and flooding or any other scientific methods without any water logging.

5. Scraping

Continuous rolling, mowing may result in the formation of a hard crust and the lower part of the lawn may get matted and woody. Hence, periodical scraping should be done.

6. Insect and disease management should be done periodically by spraying suitable plant protection chemicals to keep the lawn and trees avoid of any pest & disease.
